SUMMARY

Disciplined worker that is always eager to learn new things and to get real experience. In search of an entry level information security position to hone my skills, support IT structures, and to protect organizational and personal data from cyberattacks, unauthorized access, and data breaches. I am eager to take on the responsibilities of monitoring network traffic, implementing firewalls and encryption, performing vulnerability assessments, investigating security breaches, and enforcing company security policies.

EXPERIENCE

Saint Xavier High School, 1609 Poplar Level Rd, Louisville, KY Jan 2026 – Present
IT Help Desk Co-op

Address and resolve network, hardware, and software issues for 1,100+ users which include students, teachers, and other faculty to maintain productivity and student education. Practice incident management, appropriate issue escalation, troubleshooting skills, and documentation. Utilize device management tools like JAMF and PDQ to manage over 1,100 devices. Maintained an inventory worth more than $350,000 consisting of iPads in use, extra iPads, iMacs, Lenovo laptops, Lenovo desktops, and more. Utilized Google Admin Workspace and Windows Active Directory to support daily tasks and solve issues.

Target, 3600 Mall Road, Louisville, KY April 2024 – Present
General Merchandise | Food and Beverage

Unload 600+ piece FDC trucks and completely push product to floor while maintaining freshness and reaching goals. Following FIFO for fresh goods to ensure guests are receiving non-expired goods. Zone salesfloor to maintain cleanliness of aisles and to ensure the accessibility of goods on shelves. Aided guests on the sales floor by informing about product, pricing, rewards program, and more.

Costco, 5020 Norton Healthcare Blvd, Louisville, KY March 2023 – September 2023
General Merchandise

Supported the accessibility of products on pallets and safety of the aisles for members and employees. Assisted customers on the sales floor by answering their questions regarding product, pricing, availability, membership, and more.

Target, 4640 Taylorsville Rd, Louisville, KY October 2022 – March 2023
General Merchandise

Unloaded 12,000+ piece RDC trucks, pushed products onto floor fast. Assisted guests in the store with product locations and backstock retrieval. Zone salesfloor to maintain cleanliness of aisles and accessibility of product on shelves. Occasionally helped with online pickup orders and cash register. (Previous employment with target at a different store)

Dollar General, 9101 Galene Dr, Louisville, KY June 2021 – September 2021
Cashier

Operated the cash register to check out customers. Pushed some products onto salesfloor occasionally and zoned. Assisted customers with finding products, pricing, or answering general questions.

PROJECT – Pet4Life System Proposal **Spring 2025 Semester**
CIS-320 System Analysis and Design

Worked with a team following the Agile workflow to propose a new system for Pet4Life non-profit organization that provides pet and pet owner resources. Planned and designed a new website and system to improve the facilitation of their business processes. Worked on three phases of the SDLC; Analyze, Define, and Design, which were documented as deliverables.

PROJECT – Pet4Life System Development **Fall 2025 Semester**
CIS-420 Development Project

Continuation of CIS-320 course. Working with a team of five people to build a website that will facilitate the business process of the Pet4Life non-profit organization. Filled out numerous project documentation highlighting many details on how the project will be developed. Developing a website hosted on open-source CMS WordPress. Presented real in-development website to client as a 50% demo.
